

ECO ROOFING SOLUTIONS · GILBERT, AZ

# A real differentiator, *quietly under-expressed.*

An at-a-glance read on how clearly the East Valley's eco-friendly roofer shows up in Google, ChatGPT, Perplexity, and the answer engines reshaping local search.

|                                                             |                                                                             |                                                             |                                                 |

## TOP 3 PRIORITIES — START HERE

01

Restore Mesa city page & sitemap.

Two 500 errors are quietly suppressing rankings and AI crawlers right now. Infrastructure fix, no content work.

02

Rewrite homepage title & H1 with East Valley anchor.

Trade brand-led copy for city-led intent. Three competitors already do this; matching them costs nothing.

03

Rewrite the FAQ for AI citation.

60-120 word answers with real numbers, ranges, and specifics — plus FAQPage schema. Compounds for years.

NEXT STEP

The full audit goes deeper.

13 pages — findings 4.1-4.6, the gap-by-gap impact ribbon, and a 16-item priority checklist tagged for SEO, AEO, or both.
